## AMENDMENT VOTE WILL CALL 19-20 GOES TO PEOPLE YEAR CLASS FIRST ON REFERENDUM 32-36 MEN NEXT

Supreme Court Refuses To  
Enjoin Submission of  
Proposition.

**VALIDITY OF PROPOSAL  
WAS NOT IN QUESTION**

Court Holds It is Without  
Authority to Interfere  
With Action.

(Associated Press Telegram)  
Columbus, Sept. 10.—The state supreme court in a decision handed down today, refused to enjoin Secretary of State Fulton from submitting to popular vote in the November election the proposed amendment to the state constitution that would require a referendum vote on action of the state legislature in ratifying a federal constitutional amendment.

Such an amendment has been initiated by the Ohio Home Rule Association in order to require a referendum vote on the federal prohibition amendment in case the legislature should ratify the proposal. It was attacked in the courts by the National Woman Suffrage Association on the ground that it is in violation of the federal constitution. Should the amendment be adopted, a federal woman suffrage amendment also would have to be approved by referendum vote should congress submit such and the legislature ratify it.

The court held that without authority to interfere with the proposed submission of the amendment to the voters. It did not pass upon the validity of the proposal.

## TOMMIES REPULSE HUN ATTACK; ADVANCE LINE

(Associated Press Telegram)  
London, Sept. 10.—The Germans delivered a counter-attack yesterday against the positions won by the British to the west of Gouzeaucourt, fronting the Hindenburg line, southwest of Cambrai. Field Marshal Haig announced in his official statement that the enemy assault had been completely repulsed.

In the same sector the British line was advanced during the night, south of the town of Havrincourt.

On the eastern front the British progressed northeast of Neuve Chapelle and west and north of Armentieres.

The text of the statement reads: "Yesterday evening the enemy launched a second counter-attack against the positions gained by us during the morning west of Gouzeaucourt. He was completely repulsed. Our line has been advanced during the night, south of Havrincourt."

"Progress was made by us northeast of Neuve Chapelle and west and north of Armentieres."

## FRENCH DEPUTY IS KILLED AT FRONT

(Associated Press Telegram)  
With the French Army in France, Sept. 10.—Gaston Lemesnil, member of the French Chamber of Deputies, died early today in a hospital near the front. Shortly before his death Deputy Lemesnil was decorated with the cross of the Legion of Honor by General Clemenceau. He had been wounded twice and was cited in orders six times. He is the thirteenth deputy to be killed at the front.

## AERIAL MAIL MAN MAKES NEW YORK

(Associated Press Telegram)  
New York, Sept. 10.—Max Miller, aerial mail carrier between New York and Chicago, arrived at Belmont park on his flight from Lock Haven, Pa., at 11:22 a. m. today.

## "ENEMY HAS SPENT HIS EFFORT"—HAIG

(Associated Press Telegram)  
London, Sept. 10.—"We have passed through many dreary days. Please God these will never return," says Field Marshal Haig, commander-in-chief of the British forces in France, in an official statement today. The commander then says: "The enemy has now spent his effort."

## PLAYERS SETTLE STRIKE AFTER GAME IS DELAYED FOR HALF HOUR

(Associated Press Telegram)  
Fenway Park, Boston, Sept. 10.—After a two hour strike by the Boston Red Sox and the Chicago Cubs for a readjustment of the players share of the world's series receipts that met a first refusal by the National Commission, the players of the two contending teams agreed that they would contest the remaining games if it was publicly announced that they are playing "for the sake of the public" and the need of baseball and the soldiers and sailors present.

The decision to play was not made until 3 o'clock when after a stormy session with the players and the members of the commission in the club house,

Crowder Announces New  
Registrants to be Drafted  
in October

**QUESTIONNAIRES GO TO  
THESE CLASSES AT ONCE**

Younger Men Will Be Accepted for Officers' Training Camps.

(Associated Press Telegram)  
Washington, Sept. 10.—Provost General Crowder announced today that the first call to the colors of men who register Thursday will include men in the 19 and 20-year-old classes and in the classes from 32 to 36 years, inclusive. Questionnaires will go first to registrants within these specified age limits and local boards will be ordered to classify them first in readiness for calls beginning in October.

Young men in the 19 and 20-year classes, General Crowder said, will be accepted for induction into the students army training corps, but he pointed out that the authorized strength of this corps is only 150,000 men, whereas the total number of registrants below 20 will be over 3,000,000.

The general refused to discuss further the educational plans, saying they were not within his province. He pointed out that the total number of fit men which he expected to be secured from the classes over 32 was only 601,000, and repeated the statement that Class 1 of men now registered would be almost completely exhausted by October 1.

General Crowder also issued today a general appeal to employers to assist in the presentation of claims for occupational exemption and declared that this was the "unexplored field of the new draft and that no estimates could be made as to the number of men who ought to be excluded from military service in the upper age limits because of their occupation."

## MANY REGISTER UNDER ABSENTEE PROVISION

The work of the local draft board has been accentuated by the large number of men who desire to register, because they expect to be absent from the city on Thursday of this week, when the men between 18 and 45 years will be called to the service.

In order that reports may be completed quickly and the number of men registering be ascertained, Adjutant General W. S. Peeler of Columbus has issued the following bulletin, instructing registrants and clerks at the registration booths:

"In order to facilitate the preparation of Form 84 by each chief registrar at the close of the registration day, the draft board suggests that the following method be pursued: Before the official hour set for the commencement of registration on September 12 let each chief registrar make up on a large sheet of paper, a tally sheet of Form 84 and on this sheet let him place 38 columns, one column each for entries one, two, three, five, six, nine, ten, eleven, twelve, thirteen, and 18 to 45 inclusive, contained on the official report of registration form 84. After each individual man has been registered a small check mark can be placed in these columns on the tally sheet and at the end of the day these check marks can be counted up very quickly and the entries can be transcribed on the official report of registration. Some of the registrars in Columbus claim that on June 5, 1917 they made up an official report in half an hour by following this method. By employing this method it will save the registrars working late into the night, looking over each individual card and making up the figures for the various entries required on the official report of registration. Adjutant General W. S. Peeler offers the suggestion.

"The men who reached the age of 21 since July and who were registered on August 24, will be called for physical examination this week.

## HORSEMAN WAS THROWN AT TRACK

Frank Stewart was thrown from a horse yesterday and tramped on. He was employed by Rinehart of Mt. Vernon, who drove several race horses at the fair grounds. Bradley's ambulance was called and he was taken to the Newark Sanitarium and attended by Dr. C. J. Dillon.

He was heavily bruised about the left hip but no bones were broken and he was able to leave the sanitarium this morning.

## COSHOCOTON MAN IN HUN PRISON CAMP

(Associated Press Telegram)  
Washington, Sept. 10.—Names of 34 American soldiers who are prisoners of war at various camps in Germany were made public today by the war department. The list includes the following Ohioans and Kentuckians: At Camp Rastatt: Archie B. Clark, Coshocton, Ohio; Brant A. Farley, 918 West Mount St., Columbus, O.; Charles Morin, 728 Pascal St., Columbus, O.; Jesse Moore, Plainfield, O.

ROUNDHOUSE BURNS.

(Associated Press Telegram)  
Toledo, O., Sept. 10.—The roundhouse and repair shop of the Toledo Terminal Railroad company burned early today. The loss was \$90,000.

"WANT TO GET ANOTHER CRACK AT THE HUN," THEY ALL WRITE;  
"COME ON WITH A LETTER FROM HOME," THEY YELL TO POSTMAN

Writing letters home and getting them play an important part in the lives of our boys in France. The first thing the wounded American soldier does when he finds

himself resting easy is to write to the folks or ask a Red Cross attendant to do the writing for him. And every letter says, "Don't worry. Feeling fine. Want to get

back at the Hun." Arrival of the mail truck in camp calls for a wild scramble. The smiles on the faces of the boys in the picture shows what the prospects of getting a letter means to a soldier lad.

## ADMITS ITALIAN WINE UNTIL MAY 1

House Committee Changes Nation-wide Prohibition Bill in Meeting.

(Associated Press Telegram)  
Washington, Sept. 10.—War-time prohibition moved a step nearer today when the house agricultural committee decided to report favorably the food production bill, including the amendment added by the senate making prohibition effect July 1, 1919.

The committee inserted a provision permitting the importing of Italian wine until May 1, 1919, as requested yesterday by the Italian government through the state department. As passed by the senate the bill would stop importation immediately.

## TWO AVIATORS DIE AT FT. WORTH FIELD

(Associated Press Telegram)  
Fort Worth, Tex., Sept. 10.—Lieutenants A. B. Stephenson of Bristol, Conn. and W. D. Keeling of Dallas, Texas, were killed this morning when their airplane fell north of Fort Worth. Both were attached to Caruthers field.

## NEWARK MAY LOSE NUMBER OF PATROLMEN

War time needs have affected everything else and it now seems to be writing "exodus" on the police force of the city, F. J. Reese of the Industrial Relations department of the Youngstown Steel and Tube Works has been in the city for the past few days, and it is said his errand was to interest the policemen of the city in going to Youngstown to act as watchmen at the big plant, which is doing government work.

According to information received Reese offered the local policemen \$180 a month to take up work at the plant, and he interviewed a number of them, during his stay at the Arcade Hotel. It is stated that between 10 and twelve members of the Newark police force accepted positions with the Youngstown company.

When Chief Sheridan was asked concerning the probable shortage of patrolmen he said he knew nothing about it. Mayor Atherton also stated he was in ignorance of the determination of the men to leave.

## GEN. PETAIN'S TROOPS ARE WITHIN MILE OF TOWN OF SAINT GOBAIN

(Compiled from A.P. Dispatches.)  
First progress was made by the French yesterday in closing in upon both St. Quentin and La Fere, important German strongholds along the southern section of the Hindenburg line. They are within two miles of La Fere and within three and one-half miles of St. Quentin.

## FRENCH TROOPS ARE ENCIRCLING ST. GOBAIN WOOD

Formidable Defensive Position of Germans May Be Out Flanked.

## LAON IS OBJECTIVE OF DRIVE IN THIS SECTOR

Gen. Petain's Troops Are Within Mile of Town of Saint Gobain.

In the region of La Fere the French are pushing toward the north of the formidable St. Gobain bastion, defending Laon. They have made considerable impression on this powerful position by direct pressure. In the Servais sector to the south of La Fere.

The Servais station was captured yesterday and by taking Briquettay, further south, General Petain's troops have advanced to within little more than a mile of the town of St. Gobain, one of the highest points of the bastion.

Near Lauffaux, around the bend in the line to the south of the bastion, the French made some further progress to the north of the town.

The headway thus made in encircling the St. Gobain positions constituted the most important feature of yesterday's operations because of the fact that the objective in this sector is unquestionably the German base at Laon, the keystone of the whole German defensive system. A more spectacular advance by the French army, however, was effected further north.

Having forced on Sunday a passage of the Crozat canal, on the line opposite the La Fere-St. Quentin front, Monday witnessed a rapid development of the forward push, until by today advances of well toward five miles beyond the canal had been scored by the French at some points.

Five towns were taken in this region, including Essigny-Le-Grand, directly south of St. Quentin and 3 1/2 miles distant.

To the north, beyond the Somme, Etrelle and Roupy were taken, while the French forces in closing in on La Fere captured the Liez fort, northeast of Liez, and important wooded land within two miles of La Fere.

On the Franco-American front, just to the south of the Aisne, there was an improvement in the allied positions, in the Glennes region.

On the British front Field Marshal Haig's troops made headway in their turning movement south of Havrincourt, where the left flank of the German positions behind the Canal Du Nord, defending Cambrai on the west is being assailed.

A German counter-attack on the new British positions along the Hindenburg line near Gouzeaucourt, southwest of Havrincourt, was completely repulsed. In Flanders the British are continuing their pressure in the direction of Armentieres, and last night German forces advanced north and west of that town. Northeast of Neuve Chapelle they also moved forward.

## NEW TAX LAW IS CLOSE TO LIMIT

Longworth Warns Congress That Future Revenue Must Come From People.

(Associated Press Telegram)  
Washington, Sept. 10.—Wealth is taxed to about the straining point by the new war revenue bill, Representative Longworth of Ohio declared in the house today when debate on the huge tax measure was resumed. He warned his hearers that any additional taxes levied hereafter must be borne by people purchasing articles of daily necessity and said that as the cost of the war mounts a greater proportion of it will have to be borne by future generations.

Pointing out that congress is about to exact from the American people a sum which would have more than paid the entire cost of the Civil War both to the Union and the Confederacy, Mr. Longworth said the tax of 80 per cent. on war profits and the maximums of 70 per cent. on excess profits and 77 per cent. on incomes "might nearly ruin the people."

## TRENCH STRENGTH OF ENEMY NOW IS INADEQUATE

Washington, Sept. 10.—New evidences of the shortage of man power in the German army have reached Washington from an authoritative source, it was learned today, showing that seven enemy divisions, on the western front, had been disbanded entirely for lack of men.

There are now only 185 German divisions on the entire front, according to these reports and of these there are only 16 that have not been engaged in heavy fighting of the present year. In at least eight divisions the battalion formation has been reduced to three companies from four, which means a reduction of one-fourth in the fighting strength of these divisions.

The report adds that the trench strength of the German army is now entirely inadequate.

## FRENCH TAKE FORT 2 MILES FROM L'FERE

Paris, Monday, Sept. 9.—(Delayed.) Important progress toward the southern end of the Hindenburg line in the neighborhood of La Fere, north of the St. Gobain bastion, was made by the French forces yesterday. The war office tonight announced the capture of the Liez fort, northeast of the town of Liez, and of wooded regions to the east and southeast of Liez, within two miles of La Fere.

Additional ground was gained in the St. Gobain region, south of the Oise, where the Servais station was taken as well as a wooded area about a mile and a half to the south.

North of the La Fere region the French pressed in far, capturing the towns of Remigny, Montescourt-Lizerolles, Clastres, Seracourt-Le-Grand, Roupy and Etrelle—the last two towns being within 2 1/2 miles of St. Quentin.

Improvement was effected in the French position, north of Lauffaux, opposite the end of the Chemin-des-Armentieres, and last night German forces advanced north and west of that position in the region of Glennes, south of the Aisne, where Franco-American forces are operating.

# ALLIED ADVANCE CAUSES UNREST AMONG AUSTRIANS

RIOTOUS SCENES ACCOMPANY DEPARTURE OF  
TROOPS FROM VIENNA, ZURICH DIS-  
PATCH DECLARES.

## FRENCH TROOPS CONTINUE ADVANCE TOWARDS IMPORTANT ENEMY BASE

Berlin Official Statement Asserts British Attacks Along  
Cambria Road Are Repulsed—British  
Bomb Bruges Dock.

(Associated Press Telegram)  
(Bulletin.)

Washington, Sept. 10.—Information reached here today from a source usually reliable that Turkey has sent a large force to the border of Bulgaria, where trouble is brewing over the division of territorial spoils of war between these two allies of Germany and Austria-Hungary.

## AUSTRIANS RIOT WHEN TROOPS DEPART.

(Associated Press Telegram)  
London, Sept. 10.—The continued advance of the entente allies on the battle front in France is making a profound impression on Austria-Hungary, according to a dispatch from Zurich to the Evening Star. The recent departure of Austrian troops from Vienna caused riotous scenes in the Austrian capital.

## AUSTRIAN PREMIER HINTS AT PEACE OFFER

(Associated Press Telegram)  
Washington, Sept. 10.—An exchange of views between the Central Powers and the Entente was tentatively suggested by Baron Burian, the Austro-Hungarian foreign minister, in an address to visiting German newspaper men, according to a Vienna dispatch today.

## FRENCH TROOPS CAPTURE GIBERCOURT.

(Associated Press Telegram)  
Paris, Sept. 10.—South of St. Quentin French troops have captured Gibercourt and have made progress towards Hinacourt and Esigny Le Grand, according to the official statement given out today by the French war office.

## BERLIN STILL IS "REPULSING" ADVANCES.

(Associated Press Telegram)  
Berlin, Sept. 10.—Via London—British troops yesterday continued their attacks on the Peronne-Cambrai road, the German war office announced today. A formidable thrust made by the British against Gouzeaucourt and Epehy was repulsed.

Between the Aisne and the Vesle rivers, the statement adds, the Germans repelled French advances.

## DROP BOMBS ON GERMAN U-BOAT BASE.

(Associated Press Telegram)  
London, Sept. 10.—British naval air forces, between Sept. 1 and Sept. 7 made four attacks on German submarine shelters and workshops on the docks at Bruges, Belgium, according to an official statement issued today by the British admiralty. Several hits were obtained. The Ostend docks and a motorboat depot at Blankenberg also were attacked with good results.

## AMERICAN TANKER SINKS BIG SUB IN A HOT BATTLE OFF SANDY HOOK

Members of Crew of Oil Ship Declare Bodies of Crew of  
Submersible Were Seen in Water—Six-Inch  
Shell Does the Work.

(Associated Press Telegram)  
New York, Sept. 10.—The claim that their gun-crews sank a German submarine of large type 400 miles off Sandy Hook on Sunday morning was made by the captain and crew of an American oil tank ship which arrived here today. The U-boat, according to the marines, was blown to pieces by a shell which landed squarely on its hull.

The submersible, at first mistaken in the half light of early morning for another tanker, was sighted by the American ship's lookout. It was towed. A moment later, however, its real identity was disclosed and the tank ship, going to the attack at full speed, opened up on the German with 4.7-inch shells. The German closed in, and a 10-minute battle followed, in which the American ship, maneuvering his vessel so as to bring his six-inch stern gun to bear on the U-boat, finally scored the direct hit which finished the enemy.

Bodies of the U-boat's crew were seen, according to those on the tanker.

## CLERICAL WORK OPEN IN NAVY

To Women As Yeoman—Recruiting  
Officer Here Wed-  
nesday.

Although enlistment in the navy is closed to men of the draft age, they are endeavoring to secure women to fill clerical positions on land. Recruiting Officer George H. Harris will be in the city from Wednesday noon until Friday evening to furnish information and sign up the enlistments.

Women may be taken in to the naval reserve force with the rating of lands yeoman pay of \$22.50 per month to start.

Qualifications: Business experience as bookkeepers, stenographers, typists or file clerks with a grammar school education. Without business experience to be teachers or women with high school education, if possible with one or two years of college. Care should be taken in the acceptance of applicants to secure women who appear to have quick minds and who can readily grasp any work to which they may be assigned. Typists must write at least twenty-five words per minute and stenographers to take dictation at twenty-five words per minute. Women with experience as sales ladies may be enrolled in the rating also.

These women are for duty in the supply department, navy yard, Norfolk, Va.

## REV. W. F. HARBERT HAS BEEN RETURNED

Rev. W. F. Harbert, United Brethren minister, has been returned to his charge at Newark by the Southeast Ohio Conference which closed the annual session at Portsmouth, Sunday.

Rev. Harbert has been pastor of the Tenth Street U. B. church for the past year, and in being returned he was also assigned the North Newark and Mt. Hermon charges.

**Things Worth Knowing.**  
Guard within yourself that treasure kindness. Know how to give without hesitation, how to lose without regret, how to acquire without meanness. Know how to replace in your heart by the happiness of those you love, the happiness that may be wanting in yourself.—F. W. Faber.

"I kin remember o' hearin' folks talk about makin' flyin' visits when I wuz a boy," said Uncle Ez. Bush, upwards o' ninety, today. "One good thing about a conscripted leader—he don't leave a gap."

### Full Explanation.

Jack received a small tool chest for his birthday. Daddy had explained to him the names and uses of each tool. Later he had a neighbor in and was extolling the virtues of his set. "Just look what I got—a hammer to hammer with; a saw to saw with; a hatchet to chop with;" (after examining very closely the monkey wrench) "Well, Bob, this is not a regular tool, it's a ——— (then, as the name dawned upon him) wrench to monkey with."

### First Museum.

The first museum was part of the Palace of Alexandria, where learned men were maintained at the public cost, just as eminent public servants were in the Prytneum at Athens. Its foundation is attributed to Ptolemy Philadelphus about 280 B. C.

### Daily Thought.

No man can justly condemn or censure another, because, indeed, no man truly knows another.—Sir Thomas Browne.

No, Maude, dear: man-power doesn't necessarily indicate foot soldiers any more than horsepower means cavalry.

## MAY ADOPT DECIMAL SYSTEM

England Seriously Considering Abandoning Its Antiquated Currency in Favor of Simplicity.

England may adopt the decimal system for its currency. The agitation for this reform appears to be gaining favor with the British people, and among the important agencies behind the movement is the Associated Chamber of Commerce of the United Kingdom. For generations schoolboys have been learning this: Four farthings make one penny, twelve pence make one shilling, twenty shillings make one pound, twenty-one shillings sterling make one guinea, twenty shillings sterling make one sovereign.

Then there were the symbols to learn—the capital "L" with a short line across the shank of the letter for the Latin "libra," or pound; the little "s" for shilling, or the Latin solidus; the little "d" for denarius, or penny, and the "q" for "quadrans," or quarter of a penny, standing for farthing, though latterly "far" came to stand generally for farthing. All American schoolboys have studied the table of English money in that part of their arithmetic dealing with "reduction," which is "the changing of numbers, either simple or compound, from one denomination to another without altering their values." Many men will probably remember that as boys they worked and labored over two kinds of "reduction," which were called "reduction descending and reduction ascending."

The decimalizing of English money is, of course, in the line of simplification. Some of the financial powers and papers are urging that parliament take the matter under consideration, and it is likely to come up for official treatment and discussion at any time.

## WOULD BRING BACK OLD COIN

Our Daddies Found Many Uses for Copper Two-cent Pieces, and Its Restoration Is Urged.

The American Newspaper Publishers' association has recommended the return to the two-cent piece. Do you remember the old two-cent coin, with the big figure "2" on it? It was decorated with a wreath and almost everything else that could be crowded onto it.

It was used principally for the children to play with. It was too big for the baby to swallow and large enough to be found when once it was lost. When the Sunday school kids read of the woman in the Bible who had lost a coin and searched the house until she found it, they immediately associated it with the two-cent piece and wondered why there should be any trouble about its recovery.

But it was good old family coin, nevertheless, and would buy two pieces of licorice or one all-day sucker. It was not without its advantages, either, for the Sunday collection. It looked big, anyway, and made a very respectable noise when it was tossed into the plate on top of a pile of other coins.

To have the old two-cent coin with us again would remind us of the good old days and work no hardship on our financial system. So, let us have it—with the big figure "2" on one side, the wreath and the national shield, and everything, just as big as life.—Kansas City Times.

### Fuel Value of Coal Lessened.

Careful estimates made by the director of the bureau of mines and his associates indicate that while last year's coal output of 600,000,000 tons will probably be increased to 650,000,000 tons this year, the effectiveness of this fuel will be equivalent to a production of normally prepared coal aggregating only 570,000,000 tons. The reason for this surprising discrepancy is that much of the coal is not being prepared with the usual care. It is calculated that there is 5 per cent more ash content in this year's coal than in that of previous years. In other words, approximately 600,000 carloads of ash are being added to the burden borne by the railways.

It has been shown that the inclusion of 5 per cent more ash in the coal means a reduction in efficiency in the remaining good coal of 7½ per cent. Stating the case another way, the total reduction in the coal's effectiveness is 12½ per cent.

### Daylight Saving Worked Well.

In the United Kingdom during the four and a half months that daylight saving was practiced in 1916, it is claimed that the saving in gas alone conserved 200,000 tons of coal. The expenses to consumers were reduced by \$2,375,000. Electric light companies reported a reduction of about 20 per cent.

In France fuel used for illuminating purposes was 10 per cent less after the daylight saving program was adopted.

In Germany the Berlin municipal gas works reported in May and June of 1916 a decrease of 508,500 cubic meters, in spite of the fact that 18,000 new gas meters had been installed during the previous six months.

### In Self-Defense.

A negro soldier at one of the cantonments insisted that he wanted to take out the full limit of insurance, \$10,000. One of the white soldiers remonstrated with him, telling him it would be foolish to pay on so much, for he was likely to be shot in the trenches. To this the negro answered: "Huh, I reckon I knows what I'm doin'. I'm doin' this in self-defense. You all don't s'pose that Uncle Sam is gwine to put a \$10,000 man in the first-line trenches, does yeh?"

German strategy is just now being directed toward excuses for failures.

# AIRPLANE DRIVER NOT HAMPERED BY SPEED LAWS

No Mud, Dust or Rough Roads Take Joy Out of Life.

## GRANVILLE BOY TELLS OF FLIGHT AT FORT MONROE

From Great Height, Earth Looks Like Wonderfully Constructed Map.

No traffic laws hamper the speeding sea-plane driver and as roads are never muddy or dusty, and there are no ruts, joy riding in one of Uncle Sam's naval planes has its advantages, according to a letter from Herbert Dorsey of Granville, written to his mother, Mrs. E. J. Dorsey of Granville. Young Dorsey is doing special work for the government, the nature of which is not revealed and he tells of the sensations which must be those of an airplane observer. Dorsey is a brother of Lieut. Geo. A. Dorsey U. S. navy and an uncle of Lieut. George Dorsey Jr., who is in the aviation service "overthere." His letter follows:

"Today I had the most delightful experience in the world! I flew! Ever since I can remember I have wanted to fly. In the attic on the farm, with childish simplicity I used to pray for wings and look around to see if they were sprouting. Ever since an airplane has been connected with our work, I have bided my time knowing that some day the opportunity would arise, and the last few days it became necessary for me to inspect from above, the motor in which I have been working, so I might be able to compare the different parts. So armed with official permit I was strapped into a sea plane and at 3 p. m. started out on a 70 mile trip of wonderful sights, which lasted just 47 minutes by the stop watch.

"The air plane engine is then speeded up and faster your little wings go gliding over the water until suddenly you lift and up and up you go with old mother earth and the water falling away from you. Only occasionally do you feel any up or down motion, then the effect is just as if you had as being on a roller coaster. The noise from the engine exhaust is terrific but is mostly cut out by cotton in your ears, and big goggles keep the wind out of your eyes. So with no smoke, or dirt, or wind, or rain, you and no ruts in the road, nor mud holes, no street car tracks, no children, dogs or pigs to watch, nor even a speed limit—you can see that flying has automobiling beaten many times over.

"The air plane is a wonderful map, more perfect than any human hand can make. For it has all of nature's own coloring as well as the man-made gray and blue in different kind of building and roads. Think of whole city blocks the size of postage stamps and fields as the patches on a crazy quilt with coloring as varied—some pure green, others yellow and brown and gray—just as the many colors as you find in a 20 mile drive over the country—only you see dozens of these fields all at once, all neatly joined as though arranged for a quilt. Then draw some very irregular curves which represent the gray and blue of the water, with 35 miles of beaches, two capes many miles apart with many, many square miles of bay, and several light houses dotted here and there and the big river winding its way inland as far as the eye could reach, and below you innumerable ships like diamonds under the microscope and the white caps from the waves looking like specks of snow.

"Although only up 300 feet we were near enough to a low hanging cloud to see that it was just like a fog bank, such as I have seen in the grand canyon after a storm, came rolling up like a great ball of cotton. Beautiful! beautiful! with no sensation of fear! I wished all my friends might enjoy such an experience. In the 57 minutes, besides making several pages of notes on my work I saw five cities and villages, two summer resorts, three encampments, railroad terminals, ship yards and harbors, and the varied life of the land before we made our final dive to the lake for the sea planes. I saw many land planes lined up in front of their hangars like rows of dragon flies.

# KEEPS MARRIAGE TO OFFICER A SECRET

Mrs. Stanley H. Wolcott, formerly Miss Margaret Van N. Denys, recently surprised his friends with the announcement of her marriage to Lieutenant Wolcott, ordnance corps, June 7. Mrs. Wolcott is now in Washington, where she is actively engaged in war work.

## ALLOTS \$2900 OF WAR CHEST FUND FOR LOCAL WORK

Committee Recommends Appropriations To Five Organizations.

## WAR WORK BOARD ASKED TO AID IN LOAN DRIVE

Pledges Made By Men Now In Service May Be Cancelled.

Appropriations amounting to \$2,900 to Newark and Licking county organizations were made by the appropriations committee of the War Chest at its August meeting. The organizations securing appropriations have been given in war work here for several months past.

The assistance of the War Work committee has been asked in the Fourth Liberty Loan campaign which will start in a few weeks. The request was made by Walter C. Metz, campaign chairman. The appropriations committee, composed of Messrs. Lindorf, Myers, Morgan and Graham, recommended that appropriations be made to the following organizations: War Saving Stamp organization of Licking county, Charles H. Spencer, chairman, \$1,200; to Company B, "Old Guards 1861 to 1865," \$200; to Granville Chapter A. F. F. W., \$500. To Newark Chapter A. F. F. W., \$1,000. An appropriation was also made to the Women's Committee, Council of National Defense, to defray the expense of lunches furnished to the boys leaving for service with Uncle Sam.

In his report, the chairman of the review committee on questionable cases, stated that with few exceptions, he felt that no drastic measures need be taken. The review committee asked to be discharged from further duty, but the sense of the committee was that it should be continued, as the work accomplished has proven that it is performing an important function.

Walter C. Metz, chairman of the Fourth Liberty Loan campaign, requested the assistance of the War Work committee in the next drive.

The attention of the organization was called to the fact that a number of the boys who were going into service had made pledges to the War Chest, and the sense of the committee was that those pledges should be cancelled in view of the fact that they were making a greater gift to their country by offering their lives.

The report of the treasurer of the War Chest August 13, 1918, is as follows:

Balance in Treasury.....\$48,567.95 On Deposit as follows—

## BE A JOY-WALKER, "GETS-IT" FOR CORNS

2 DROPS, 2 SECONDS—CORN IS DOOMED! When you almost die with your shoes on and corns make you almost walk sideways to get away from the pain, take a vacation for a minute or two and apply 2 or 3 drops of the world's

"My Corns Peel Clean Off, With 'Gets-It'!"

magic and only genuine corn-peeler, "Gets-It." Then, and then only will you be sure that your corn will loosen from your toe so that you can peel it right off gloriously easy with your fingers. Take no chances of continued pain and soreness—why use greasy, irritating salves, plasters that shift and press into the "quick," razors and also grow faster? Use painless, easy, always sure "Gets-It." There's only one like it in the world—that's "Gets-It." Millions have tried it and K'd it for years, never fails.

"Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Sold by E. Lawrence & Co., Chicago, Ill. Sold in Newark and recommended as the world's best corn remedy by Dr. J. Evans, Jr., Erman, City Drug Store, C. T. Bricker.

## AMUSEMENTS

**GEM, Wednesday.** Douglas Fairbanks, who plays the leading role in the Triangle feature, "Reggie Mixes In," yielded to the persuasion of film magnates when he was told they would let him do all the wild stunts he wanted to.

In "Reggie Mixes In" he outdoes all previous startling performances, with a fight in which he wrestles, falls, crawls, staggers and plunges through fifteen minutes of physical combat with W. F. Lowery, an actor of power, physique, who gives the athletic young star a tussle of very evident reality. Fairbanks comes out of the battle with a goodly portion of his clothes missing, and with his well-known good looks entirely missing, but a joyous victory nevertheless.

**ALHAMBRA, Wednesday and Thursday.** Virginia Pearson has discovered a new preparation for preserving flowers which make a most excellent substitute for jewelry. Miss Pearson, in the course of reading an old Italian novel, found the formula for a most potent poison, which at the same time had great powers as a preservative. As she is intensely interested in flowers, Miss Pearson immediately thought of using this preservative on some of her favorite blossoms.

With the aid of a chemist, she had the solution prepared. Then she placed a flower in it and let it stay overnight. The next morning the flower was crystallized. While it was still wet, Miss Pearson sprinkled some gold dust over the blossoms and then placed it in a dark room. When it was dried she put a tiny piece of court plaster beneath the flower and then wore it on her bosom that night at a fashionable dinner party. The effect was stunning, and Miss Pearson was the cause of innumerable comments on her cleverness and the beauty of her invention. Miss Pearson will be seen Wednesday and Thursday in her latest photoplay, "The Liar," at the Alhambra theatre.

has been in Newark in many a day. The singing of the Jazz Four is very fine and the dancing of the Murdock Brothers is one of the big features of the bill and the specialties of Miss Ten Kennedy are these with a punch. The chorus work by a bunch of pretty girls is extra good and the costumes are beautiful and there is plenty of good clean comedy. The same bill will be presented tonight and a change of program on Wednesday at which time "The Duke" will be given—a play that is full of good clean comedy and lots of good singing and dancing.

**AUDITORIUM, Howe's Pictures.** "Up in the Air with the Marines," the sensational aviation series featured in Lyman H. Howe's newest Travel Festival at the Auditorium theatre tonight and tomorrow night, shows the training of the flying cadet in interesting fashion.

These pictures, taken by official government photographers, give a fascinating insight into the development of our sentinels of the air. The flying cadet is first assigned to a "ground" school, where he secures basic instruction in the principles and theory of flying, radio work, codes and photography, the operation and care of airplane engines, planes and machine guns, and the theories of co-operation between the air service, the infantry and the artillery. The cadet is also instructed in meteorology and astronomy and devotes the rest of the period between 5:30 a. m. and 9:20 p. m. to military drill and calisthenics.

The second step in instruction is actual flying with an instructor. In mid-air and under the watchful eye of an officer, the cadet learns how to handle the rudder, elevator, throttle and

ing price—but he has given the use of this rousing title to Mr. Charles Richman, who will appear in it at the Auditorium on next Sunday.

The Style Show, an annual event for Newark, is to be given on Thursday and Friday of the present week, together with Dorothy Dalton in "Love Letters."

**GRAND.** Tuesday and Wednesday. A beautiful society vampire, at the behest of her father, who reeks control of a great shipyard, ensnares John Moran, leader of the 1,000 workmen in the yards, and under promise of her love, he orders the men on strike, a part of her father's scheme to wreck the property.

Doran, awakened partly to a sense

of honor by the pleadings of the young girl secretary of his union, who loves him, determines to end the strike and goes to the vampire's mansion to return the bribe he had accepted. But she still holds him in her spell and fights to keep him until after midnight, when he must send word to his union meeting that the strike is ended.

With her arms about him, he arouses to a full realization of his criminal faithlessness, and throwing the woman aside, he battles his way from her home and reaches his own men in time to save them from further suffering, and to redeem himself in the eyes of the girl to whose worthy love he had been blind.

"The Golden Goal" will be the attraction in the Grand theatre on Tuesday and Wednesday.

Miss Jennie McCarthy is spending her vacation in Columbus.

Mr. and Mrs. James McGough, St. Clair street, are moving to Canton today.

Mrs. Walter Kinney and little son Gordon, are visiting in Cleveland the guests of her sister, Mrs. F. R. Wilson (Nina Wagner).

J. E. Ryan of Columbus, was a business visitor in this city yesterday.

Miss Lena Bowman, of the Levitt & Bowman store, spent Monday in Columbus.

Monson Besancency, son of Mr. and Mrs. C. E. Besancency of West Church street, left yesterday for Debuque, Ia., where he will enter Debuque college for special military training.

Mary Elizabeth Smith, daughter of Mr. and Mrs. H. H. Smith, 1241 Wheeling, W. Va., to enter Mount DeShonts School for Girls.

Mr. and Mrs. Stanley, St. Clair street, left today for Akron where they will make their future home.

Miss Angela Kennedy, daughter of Mrs. Grace Kennedy, North Fifth street, is attending Mount DeShonts school at Wheeling, W. Va.

Herbert and Gerald Smith, sons of Mr. and Mrs. H. H. Smith, Hudson avenue, are attending school at Debuque college, Dubuque, Ia.

# OBITUARY

**Shoemaker Funeral.**  
The funeral of Earl K. Shoemaker, son of Mr. and Mrs. E. B. Shoemaker of West Main street, who shot himself yesterday, will be held Wednesday afternoon at the home at 2 o'clock. The brother Delvin Shoemaker of 309 Englers Corps, Camp Mills, L. I., will arrive Wednesday noon. Burial will be made in Cedar hill cemetery.

**Funeral of Mrs. Gainer.**  
The funeral of Mrs. Mary Gainer of North Fourth street was held this morning at St. Francis de Sales church at 8 o'clock and burial was made in Mt. Calvary cemetery.

**Thomas J. Foster.**  
Thomas J. Foster, aged 70 years, died at 1:30 o'clock Tuesday morning, at the home of his son, Fred Foster in Elmwood avenue. Death resulted from a complication of diseases following an illness of three days.

Surviving are the wife, and two sons, Charles Foster and Fred Foster of Newark, and one sister, Mrs. Nancy Sambaugh. The family came here from Thornville.

The funeral services will be held on Wednesday afternoon at 2 o'clock at 329 Elmwood avenue, Dr. C. H. Stull officiating. Burial will be made at Cedar hill cemetery.

**Funeral of Mrs. J. R. Shephard.**  
The funeral of Mrs. J. R. Shephard of Essex street was held at 10 o'clock this morning and interment was made in the Shannon cemetery.

**Funeral of Mrs. John Hartshorn.**  
The funeral of Mrs. John Hartshorn was held at the home in West Main street this afternoon at 2 o'clock. Rev. C. H. Stull officiating. Interment was made in Cedar hill cemetery.

**Card of Thanks.**  
We wish to thank our friends and neighbors for the kindness shown during the sickness and death of our darling baby boy and also Rev. L. C. Sparks and singers for services rendered the Jr. O. W. A. M., the employees of the Wehrle company, White Carnation Review and all other donors for the beautiful flowers. Mr. and Mrs. Leroy Anderson and children. 9-10-11

**Card of Thanks.**  
We wish to thank our neighbors and friends for their kindness and sympathy shown during the illness and at the death of our father, D. O. Morrison. Especially do we thank Rev. C. H. Stull for his comforting words, and the choir for the music. We also express thanks for the many beautiful flowers. —Mr. and Mrs. Frank Van Arsdel and Family. 9-10-11

**Mrs. Guggs.**—"You can't have everything your own way, because that two heads are better than one." Mrs. Guggs—"Yes, it takes two to make a quarrel."

**Mrs. Wigwag.**—"The new minister is certainly broad-minded." Mr. Wigwag—"Yes, he seems to be as broad as he is long." Mrs. Wigwag—"What do you mean by that?" Mr. Wigwag—"Broad-minded and long-winded."

# SOCIAL EVENTS

**Heft-Bluehart.**  
At 4 o'clock on Monday afternoon Dr. L. C. Sparks officiated at the marriage of Miss Mabel Bluehart and Mr. Ralph J. Heft, at the parsonage of the First M. E. church.

They will make their home in Alliance, O., where Mr. Heft is employed as a machinist.

The young members of the Second Baptist church delightfully surprised Howard Rose at the home of Mr. and Mrs. Charles Rose. He leaves for Chicago on Tuesday to register and stay until called to service. Those present were Heft and Mrs. A. E. Cowley, Mr. and Mrs. Charles Rose, Mrs. Ficus, Miss and children, John and Winfield, Howard Rose, E. R. Williams, Tars Snour, Paul Snour, Carl Fields, Ruby Harger, John Fields, Carl Ciego, Bert State, Arnold Meckling, James Sasser, Gretchen Griffith, Florence Howers, Lillie Jones, Goldie State, Carrie Jones, Ulacra Fields, Iola Rose, James Rose and Charles Rose.

The members of Heft's Chapter, Daughters of the American Revolution, will entertain with a charmingly appointed afternoon party on Wednesday, at the home of Mrs. Henry Woodbridge, South First street. The assistant hostesses will be Mrs. W. L. Frost, Mrs. C. C. Vetter, Mrs. Charles V. Miller and Mrs. Annie Darrows Hatch.

The members of the Colonial Sewing Circle will be entertained on Wednesday afternoon at 2 o'clock at the home of Mrs. Charles Daley, Chestnut street.

**Miller-McGregor.**  
Announcement is made of the marriage of Miss Muriel McGregor of Cambridge, Mass., and Lieutenant Roy G. Miller of Newark, O. The marriage was solemnized in Cambridge, Mass., September 4, 1918, the bride being the daughter of William L. McGregor of that city, while Lieutenant Miller is a former Newark man. He is the son of Mrs. Mary Miller, juvenile officer, and is a pilot and aeronautical engineer in the United States air service.

The members of the E. F. C. club were entertained on Monday evening at the home of Miss Helen Garner, National Drive. The house was devoted to sewing and refreshments were served the following: Misses Alice Mitchell, Serena Gove, Blanch Tanner, Lura Harter, Mrs. James Ellis, Mrs. William Grigsby and Mrs. Henry Ellis of Columbus.

**Every Day Etiquette**  
"When I accompany a young lady and her mother to a place of entertainment ought I to walk beside the girl or between the two ladies? Where the walk is narrow should I precede the two or follow them? Should the older or the younger lady precede me if the walk is only wide enough for two?" were the three queries of Jack.

"It looks better for the man to walk on the outside, but there is nothing improper in his walking between the ladies. As to the narrow walk if it is a rough, stony or muddy way he may suggest that he had better go ahead. Common sense is really the guide in such matters," advised his father.

**Marriage Licenses.**  
Forest E. Tucker, 32, brakeman; Amanda Carpenter, 34, Rev. R. E. Carman named to officiate.

George S. Lewis, 40, farmer; Artie Bell Scott, 35, E. O. Horton named to officiate.

Wilson A. Tussing, 31, Liberty farmer; Mabel J. Pfeister, 27, Etina, school teacher; daughter of Dr. C. L. O'Brien named to officiate.

John Henry Dilgert, 37; Bessie Albert, 42, Etina, Rev. L. C. Sparks.

Perry V. Martin, 33, Newark, clerk; Ethel B. Miller, 24, Rev. Paul E. Keen named to officiate.

George S. Lewis, 40, farmer; Josephine Young, 47, Granville, school teacher; daughter of Dr. C. L. O'Brien named to officiate.

Eugene James, 36, Indianapolis, railroad porter, colored; Miss Cora Bunch, 30, Newark, colored; Rev. Mr. Hicks to officiate.

Ralph J. Heft, 25, Newark, machinist; Mabel Bluehart, 27, Newark, Rev. L. C. Sparks to officiate.

# PRACTICAL COURSES ARE CHOSEN BY GIRLS

Young Women Entering College See Value of More General Training.

Coincident with the men leaving for camps and cantonments, this week marks the opening of the universities and colleges of the country, and this year will probably see a larger enrollment than ever. The offer of the government practically to educate free of charge, boys over 18 years of age in the prospective student army training corps, has made it possible for many to enter upon a college education.

The boys may choose their course and in the training corps receive a complete military training, which includes housing, subsistence, uniform and equipment, and the pay of a private. A great many colleges in the state are authorized by the government to conduct the student army training corps, and the training will be under efficient army officers.

The war time effect is seen on the young women, many of whom are choosing the more practical courses, and courses which will fit them to carry on a man's work if it becomes necessary.

Among those who are leaving this week to matriculate in the various educational institutions are:

Frank Taaafel of North Sixth street will resume his studies at Wittenberg college.

Robert Irish, son of J. B. Irish of West Main street will return to Denison university.

Charles Mayer will enter Ohio State university.

Those who are taking advantage of the normal course offered at the High school are: Margaret Kemper, Helen Saur, Arlene Parker, Edith Reid, Emily Kiger, Elizabeth Irvine, Joel Jones, Mary E. Long.

# ASHVILLE MINISTER COMES TO EAST NEWARK U. B. CHURCH AS PASTOR

REV. E. P. WRIGHT

Rev. E. P. Wright of Asheville comes to Newark as the successor to Rev. A. B. Cox of the East Main street United Brethren church.

He is a brother of O. C. Wright of Canal Winchester formerly of Newark. Rev. Wright has been in Asheville for the past five years and comes to this city well recommended. While in Asheville, he built a fine modern church and won the admiration of the public at large as well as his own members. He is a Spanish War veteran and a member of the K. P. and Odd Fellows lodges.

# Our Boys and Girls

It is a crime to willingly expose children to disease because of the belief that it will continue to fall a victim to it anyway. The old idea that the disease of children are doubly serious in an adult, is untrue. An occasional case of disease in one instance may be responsible for a continuous and fatal illness from this same disease if it is communicated to another.

Parents, in particular, will often assume the responsibility in exposing their own and other peoples children, which would make them shudder if they appreciated the seriousness of it.

Measles, whooping cough and a number of the common ailments of childhood are looked upon as inevitable by people who are ignorant of the dangers of these diseases and the possibility of avoiding them.

There is no "Standing Room Only" when it comes to the army headquarters, and it is no reason why a fellow should lie down on his duty.

## FOR THOSE WHO WISH TO TEACH

Questions Put to Applicants For County Certificates.

EXAMINATION HELD SEPT. 7

Prepared by the State Superintendent of Public Instruction to Test the Mental Qualifications of Those Who Seek Positions as Teachers in the Public Schools.

Following is the list of questions as prepared under direction of the state superintendent of public instruction and submitted at the county examination for teachers Sept. 7 for elementary school certificates:

### AGRICULTURE.

(Choose 8)

1. What is soil and of what is it composed?

2. My botany states 9 ways in which weeds injure farm and garden. State at least 5 of them.

3. What are the great sources of the ingredients of commercial fertilizers?

4. How is milk pasteurized? What is the advantage of the treatment?

5. What public means are available to help the farmer with information or in other ways?

6. State four ways in which farm animals are given the advantages of green foods.

7. How is an apple tree grafted?

8. What are root tubercles and what is their use?

9. Describe the culture of one of the following: Asparagus, celery, strawberry.

### ARITHMETIC.

(Choose 8)

1. A boat makes 15 miles an hour downstream and 10 miles an hour upstream. How far can it go and return in 9 hours?

2. How many per cent. of his time does a man rest who sleeps 7 hours of each 24?

3. How far does a man walk while planting a field of corn 285 feet square, the rows being 3 feet apart and 5 feet from the fences?

4. If it costs 48¢ more to raise wheat this year than two years ago and the price received is 15% higher, and the net gain two years ago was 10%, how many more per cent. of net gain is now earned?

5. Which of these classes of problems are most and least valuable and why: Given time, rate and principal to find interest; given interest, rate and principal to find time; given time, rate and interest to find principal?

6. How do you practice pupils in rapid addition?

7. If one buys stock at 20% discount and sells it at 10% premium what per cent does he gain?

8. Construct and solve a problem to show the economy of canning.

9. A candy maker is allowed 50% of last year's sugar supply for July, August and September, minus his supply on hand at the beginning of that period. The sugar administration desires him to have the same supply at his disposal each one of the three months. What certificates for July, August and September respectively should have been issued to A who used 15,700 lbs. in the three months last year and who had 1,550 lbs. on hand July 1?

### PHYSIOLOGY.

(Choose 8)

1. Discuss methods of preventing dust in the school room.

2. Why are germs less numerous in a well-lighted and well-ventilated room?

3. What precautions should be taken to keep well water pure?

4. Give some concrete facts to prove that it is better to drink water than beer.

5. Make a sketch or sketches and by their help explain the action of the heart.

6. Describe the protection of the eye.

7. How is bleeding stopped?

8. What are the particular uses of the different classes of foods?

9. Why should the teacher be greatly interested in the control of flies?

### THEORY AND PRACTICE.

(Take two of the groups below entire.)

(Group A. Based on Strayer and Norworth's How to Teach.)

1. What question should the teacher ask herself instead of, "What can I do to punish the pupil?"

2. How can we get a child to study and learn that in which he is not at first interested?

3. What are the two methods of memorizing? Tell something of the proper way to carry out one of them.

4. State similarities and differences of inductive and deductive reasoning.

(Group B. Based on Wilkinson's Rural School Management.)

1. What are the advantages of adjustable seats? Of movable seats?

2. What facilities do you want your school ground to possess?

3. Give examples of good alternations of subjects.

4. Why is it desirable for us to learn how to measure the results of our teaching?

(Group C. Based on no particular text.)

1. How can the interest of pupils in civic affairs be increased?

2. What are the elements of successful discipline?

3. Name your favorite educational paper or magazine. What is its field and scope? Criticize it.

4. Discuss the value of the educational work of one of the following: Pestalozzi, Froebel, Rousseau, Dewey.

### HISTORY.

(Choose 8)

1. Give some reasons why the north won the Civil war.

2. What harsh or unjust measures affecting the south were taken by congress after the war?

3. What was unusual about the election of Hayes?

4. Mention one date at which the

question of tariff seemed important and state what action was taken in consequence.

5. Divide American history into periods and characterize each period.

6. How did England come to possess of the American colonies (except Florida) before the revolutionary war?

7. Give an incident which shows the disposition of the United States to avoid war.

8. Explain how some one of our wars was justified.

9. Why did the United States send soldiers into Mexico a few months ago? Why were they withdrawn?

### GRAMMAR.

(Choose 8)

1. Conjugate the verb to be in the subjunctive.

2. Give an example of a parenthetical clause.

3. What is meant by a complex sentence?

4. Explain the ellipsis or contraction in such a sentence as "They were not such knaves as to destroy the barn."

5. How can memorized pieces be used in helpful language exercises?

6. Suggest ways of getting motives to operate in the language work.

7. How is the passive voice formed?

8. What is the exact meaning of "I haven't got any more paper?"

9. Discuss the grammar of words ending in ing.

### GEOGRAPHY.

(Choose 8)

1. Tell something about two famous mountain inclines or mountain railways.

2. Where are most large automobile factories located? Why?

3. A vessel for trans-Atlantic service is built on the shores of Lake Michigan. Trace its passage to a Hoboken, N. J., dock.

4. In what part of the country is the change of temperature from January to July greatest? Why?

5. Name the seas which partly surround Russia. What countries of Europe border on Russia?

6. What are the chief industries and resources of the Philippines?

7. Tell something of the conditions, drawbacks and future prospects of the people of India.

8. State the date of construction, length, physical features and value of one of the great inter-oceanic canals.

9. Name six of the countries of South America; name their capitals; state what languages are spoken in each of these countries.

### LITERATURE.

(Choose 8)

1. Why is the poetry of Poe so highly praised? Name two of his prose writings.

2. Name the authors of five of our great patriotic poems.

3. Explain the occasion of the writing of some one of Longfellow's poems.

4. Name five famous works of any one of these authors—Milton, Carlyle, Macaulay, Burns.

5. What are the characteristics of a comedy?

6. Show why Emerson is regarded as one of our great authors.

7. Name some historical novels. Explain the value of the historical novel.

8. Name four good myths or folk-stories which you recommend to the children to read.

9. Name four characters in one of the following: King Lear, Othello, King Henry the Eighth, King John, The Tempest.

### READING.

The examination in reading is oral. The examiner will conduct the examination following any plan desired.

### ORTHOGRAPHY.

1. Write sentences which contain possessives formed in all the different ways.

2. Give a list of 7 pairs of homonyms and define each word.

3. Give three rules for determining how to spell words with suffixes added.

4. At what time in the school course should the use of diacritical marks be taught? When should the use of the dictionary be taught?

5-8. Write from dictation: They have but one chance to perpetuate their military power or even their controlling political influence. If they can secure peace now with the immense advantages still in their hands which they have up to this point apparently gained, they will have justified themselves before the German people; they will have gained by force what they promised to gain by it; an immense expansion of German power, an immense enlargement of German industrial and commercial opportunities. Their prestige will be secure, and with their prestige their political power. If they fail, their people will thrust them aside; a government accountable to the people themselves will be set up in Germany as it has been in England, in the United States, in France, and in all the great countries of the modern time except Germany. If they succeed they are safe and Germany and the world are undone; if they fail Germany is saved and the world will be at peace. If they succeed, America will fall within the menace. We and all the rest of the world must remain alarmed, as they will remain, and must make ready for the next step in their aggression; if they fail, the world may unite for peace and Germany may be of the union.

### HIGH SCHOOL AGRICULTURE.

(Choose 8)

1. When should each of the following be planted: Timothy, red clover, oats, soy beans, alfalfa?

2. My botany states 9 ways in which weeds injure farm and garden. State at least 5 of them.

3. Explain fully the benefits of tractors in farming in Ohio.

4. Name five good books on rural economics, farm life problems or like subjects. Name five standard books or special divisions of agriculture, as horticulture, animal husbandry, etc.

5. How is corn silage economically gathered and placed in the silo? Upon what does the keeping of the silage depend?

6. What items are found in a fertilizer table?

7. Give some account of methods of protecting vegetables from insect pests.

8. What qualities are desired in oats. In what soil will they grow? In what soil will they thrive best? How are oats should they be planted? Why?

9. How should young peach trees be pruned?

The German street may demonstrate that it is cheaper to move than to pay the rent.

## FAIR PROGRAM HAS PATRIOTIC TOUCH

War Activities Among Features For War-Tier Cultural Exhibit.

The Licking county fair opened today with everything in readiness for a big week. From all indications the fair promises to be the best ever held in the county and if the weatherman co-operates record breaking crowds are expected each day.

The race entries are all filled. Some of the fastest pacers in the county will participate. For the first time in the history of the fair, a professional woman driver will enter two horses, a trotter and a pacer. Judging from her former success she will give the veteran jockeys a good fight.

Some of the food administration has patriotic features. The Red Cross and Women's Committee Council of National Defense exhibits will prove to be interesting attractions.

On Thursday two machines driven by Col. Thomas Duncan and Capt. J. R. McCally are expected. Each airplane is equipped for carrying one passenger and the two birdmen will demonstrate all the thrilling and difficult army maneuvers.

Today's race program included 2:14 pace; free-for-all pace and 2:20 trot; each with a purse of \$400. Wednesday speed program will include the 2:12 trot; 2:27 pace and the 2:30 trot, each with a purse of \$400.

### MT. PLEASANT.

Alpha Anderson and wife and Helen Shacklet spent Labor Day at Buckeye Lake.

Melvin Ashcraft and family, Will Moran and son Lloyd, spent Monday in Newark.

WHY WOMEN  
DREAD OLD AGE

Don't worry about old age. Don't worry about being "old." People's way when you are getting on in years. Keep your body in good condition and you can be as hale and hearty in your old days as you were when a kid, and every one will be glad to see you.

The kidneys and bladder are the cause of senile afflictions. Keep them clean and in proper working condition. Drive the poisonous wastes from the system and avoid acid accumulations. Take GOLD MEDAL Haarlem Oil Capsules periodically and you will find that the system will always be in perfect working order. Your spirits will be revived, your muscles made strong and your face have once more the look of youth and health.

There is only one guaranteed brand of Haarlem Oil Capsules, GOLD MEDAL. There are many fakes on the market. Be sure you get the original GOLD MEDAL, Imported Haarlem Oil Capsules. They are the only reliable, for sale by all first-class druggists. Adv.

Dated this 26th day of August, 1918.  
ROBERTS HUNTER,  
Probate Judge.

SHANNON SUCCEEDS  
IN CAMOUFLAGE WORK

Makes Grade of 95 Percent White Regimental Average is Only 86 Percent.

Harold Shannon, with the forces in France is attending a camouflage school and last week made a grade of 95 per cent, while the regimental average is but 86 percent.

Shannon is the son of Mr. and Mrs. J. W. Shannon of 87 North street and is corporal with Battery C, 134th P. A. In his letter to his parents, dated August 20, he enclosed a note for 50 centime which is equal to about half a franc or 10 cents in U. S. currency. A part of his letter says:

"Everything sure looks good on the front now with our troops being re-armed each day and the Hun getting weaker and retreating further each day, and it will be all over before we get there. We have been very busy so far this week as we now have our equipment and are learning the use of it as rapidly as possible.

Corporal Felton and I took a long walk Sunday and visited three small villages. We started out at 9 o'clock and arrived in the third town at 1:30, where we had a very fine dinner. We were fortunate as we met an American woman who spoke French perfectly and she ordered our dinners for us. We finally arrived back in camp at about 7 in the evening, tired and dusty but feeling well repaid for our tiresome journey.

Don't forget to tell me if you hear anything about Corporal Ralph Denune, whom I was with at Camp Sheridan. When we left Camp Sheridan we left three men behind who were sick and they have just now caught up with us. One of them was Harry Eader from Newark."

## 25 Years Ago

Mrs. James Walker and son left last evening for Chicago.

Misses Josephine, Gyp, and Anne Fulton left for Chicago this morning.

Eli Hansberger is lying quite sick at the home of his brother in Church street.

Mrs. D. C. Winegarner and daughter, Miss Kate, left last evening for Chicago and the exposition.

Mrs. George Follett of Brooklyn, N. Y., is visiting her sister, Mrs. R. P. Ford.

## FIFTEEN YEARS AGO.

Miss Amy Everett entertained the members of the M. L. club Wednesday evening at her home north of town.

Mr. and Mrs. C. W. Miller entertained on Wednesday evening with a family dinner in honor of Mr. and Mrs. Albert Webb, who are making a visit among relatives in Newark.

Peter Brubaker attended a reunion of the Brubaker family at Ashland on Wednesday.

Miss Bebe G. Rhoads, who has been spending the summer in Europe with the Townsend party, returned home Thursday.

Miss Lillian Miller has returned home from a visit with friends in Mt. Vernon.

## TILE TRAP FOR RABBITS.

Set a 12 by 6-inch sewer tile with the long end downward, and bury it so that the 6-inch opening at the side is below the surface of the ground. Connect two lengths of 6-inch sewer pipe horizontally with the side opening. Second-grade or even broken tile will do. Cover the joints with soil so as to exclude light. Provide a tight removable cover, such as an old harrow disk, for the top of the large tile. The projecting end of the small tile is then surrounded with rocks, brush, or wood, so as to make the hole look inviting to rabbits and encourage them to frequent the den. Rabbits, of course, are free to go in or out of these dens, which should be constructed in promising spots on the farm and in the orchard. A trained dog will locate inhabited dens. The outlet is closed with a disk of wood on a stake, or the dog guards the opening. The cover is lifted and the rabbits captured by hand.

These traps are especially suitable for open lands and prairies, where rabbits can not find natural hiding places. They are permanent and cost nothing for repairs from year to year. If it is desired to poison rabbits, the baits may be placed inside these traps, out of the way of domestic animals or birds. This trap also furnishes an excellent means of obtaining rabbits for the table, or even for market.

Tommy—"Pop, what is a pessimist?" Tommy's Pop—"A pessimist, my son, is a person who would look for splinters in a club sandwich."

MADE DIRECTOR OF  
INLAND WATERWAYS

G. A. Tomlinson.

Director General McAdoo has appointed G. A. Tomlinson as director of inland waterways. Mr. Tomlinson during the past few months served with the inland waterways commission and federal manager for the New York and New Jersey canals. This appointment abolishes the commission, placing the appointee in entire charge.

## 7 A DAY FOR 7 DAYS

Any man or woman who finds that they are going backward, are not as strong as they used to be, have lost confidence in their ability to accomplish things, are nervous and run-down should take two Bio-feren tablets after each meal and one at bedtime.

Seven a day for seven days.

Then take one after each meal till the supply is exhausted.

Then if your nervousness is not gone, if you do not feel twice as strong and energetic as before, if your sluggish disposition has not been changed to a vigorous active one, take back the empty package and your money will be returned without comment.

No matter what excesses, worry, overwork—too much tobacco or alcohol—have weakened your body and wrecked your nerves, any drug, resist anywhere is authorized to refund your money on request if Bio-feren, the mighty upbuilder of blood, muscle and brain does not do just what is claimed for it.

Note to Physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here is it: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux Vomica; Powd. Gentian; Phenolphthalein; Oleoresin Capsicum; Kolo. (Adv.)

NEARLY 900,000,000  
BUSHELS OF WHEAT

(ASSOCIATED PRESS TELEGRAM)

Washington, Sept. 10.—Heavy decline in the condition of the corn crop caused a reduction of 317,000,000 bushels in today's department of agriculture forecast of production compared with last month's estimate.

Spring wheat production, however, showed improvement with an increase of 21,000,000 bushels in the estimated production, making a total wheat crop this year of 399,000,000 bushels.

Forecasts of production of the principal farm crops, based on their condition September 1, were announced today by the department of agriculture as follows: Spring wheat, 343,000,000; all wheat, 399,000,000; Corn, 2,627,000,000; oats, 1,477,000,000; barley, 236,000,000; buckwheat, 20,100,000.

## LEGAL NOTICE.

State of Ohio, Licking county, Probate Court.

Case No. 4000.

Hattie M. Bigbee, Plaintiff

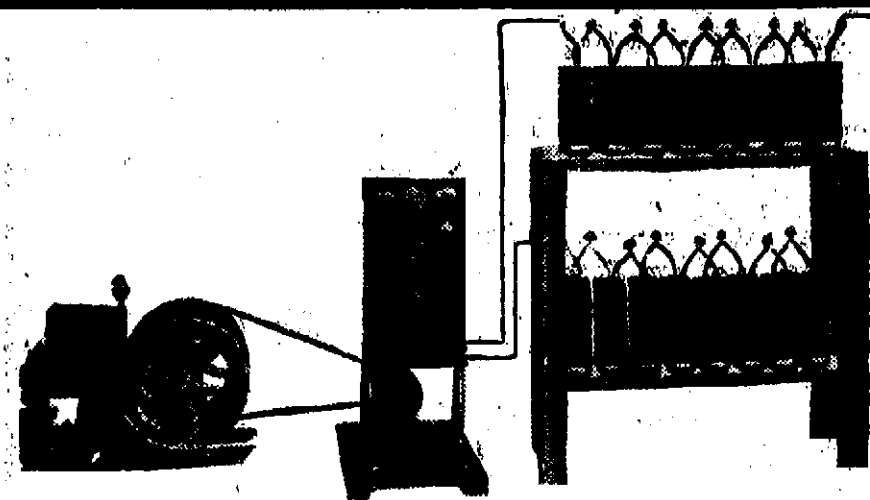

vs.

Cecil A. Bigbee, Defendant.  
Cecil A. Bigbee, residing at 51 East Chicago avenue, Chicago, Illinois, is hereby notified that Hattie M. Bigbee has filed her petition against him for divorce, alimony, and custody of children in the Probate Court, Licking county, Ohio, and that said cause will be for hearing on or after October 9, 1918.

FLETCHER S. SCOTT,  
Attorney for Plaintiff.  
"Life is made up of paradoxes," mused the Wise Guy. "Yes," agreed the Simple Mug, "many a dark secret comes to light."

An Extensive Showing  
of New Fall Suits at  
Sensible Prices

STYLE is important, but their is something more important than style. In Cornell Clothes this fall you will find the newest styles awaiting you—fresh, vigorous and inspiring; some with youthful touches, some a bit soldierly, some with the mien of the man of affairs—all types of clothes for all types of men. But in addition to style, as always, you have the absolute assurance of quality and value in Cornell Clothes at these sensible prices—\$15, \$17, \$20 and \$25.

ECONOMY is the word this Fall. Our government urges economy in clothes—but they urge the right kind of economy—that of buying clothes that wear well and last long. If you get good fabrics, well tailored and trimmed, and correctly designed, you'll get what you want—long service and satisfaction. Cornell Clothes are made with these things in mind, and consequently they do the economizing for you. And despite their superior quality, Cornell Suits are sensibly priced.

\$15 \$17 \$20 \$25

## For His Long Pants Suit Get a Cornell Jr. Suit

The smart fall styles in these Cornell Jr. Suits have captivated the boys who are putting on long pants for the first time. They embody all the latest style features.

Main and Fourth streets, formerly  
operated by Roy English, was opened  
today after being closed since Saturday.  
The new proprietor is Charles Gibson  
who has been employed in East New-  
ark, and three chairs will be maintain-  
ed. With Gibson is Carl Bausch. The  
news stand formerly run in connection  
with the barbershop has been discon-  
tinued.

**Car Strikes Buggy.**  
Late yesterday afternoon the west  
bound interurban car struck a buggy  
in Pine street driven by Mrs. Gardner.  
The buggy was badly damaged and the  
woman sustained several cuts and  
bruises.

**Missed Connections Here.**  
E. J. Burger, Co. L, First Replace-  
ment regiment of engineers, Washing-  
ton, D. C., barracks, missed connections  
this morning and spent a few hours  
here. Mr. Burger is a Texan and is en-  
route to Mansfield, O., to visit relatives.

**Correlation Improving.**  
Miss Mary Webber, Linden avenue,  
who was operated on at the City hos-  
pital last Tuesday for appendicitis, is  
getting along very nicely.

**Goes to State.**

Adolph Schiff was called to New  
York City last night by the illness of  
his sister-in-law, Miss Newman.

**Have to Obey Rules.**  
Dr. J. P. H. Stedem is congratulating  
himself today over the fact that he  
started the week well, yesterday with-  
out having his machine tagged by the  
police last night. Last week he was  
tagged four times.

**Arrived Overseas.**  
Mr. and Mrs. Thomas Driscoll, Boyl-  
ston avenue, have received word of the  
safe arrival overseas of their son Neal.

## MAY FORM DIVISION FROM DEPOT BRIGADE

New Army Unit Has 29,000 Men  
Available Now for Service.

Camp Sherman, Chillicothe, O., Sept.  
10.—Official notice that the 95th divi-  
sion is to be formed at Camp Sherman  
was received by Colonel Tyree R.  
Rivers, commandant, yesterday. No  
details were contained in the order, but  
it is reported the infantry will be  
trained here and the artillery at Camp  
Taylor. There are now 29,700 men in  
the 158th depot brigade here—enough  
men to form the infantry branch of a  
division. Whether these men will be  
taken to form such a division, however,  
is not known.

Second Lieutenant Henry W. Shirmer,  
veterinary corps, left yesterday for  
Xenia to inspect the dairies that have  
been furnishing Camp Sherman with  
milk.

Fourteen negro second lieutenants re-  
ported from Camp Pike, Ark. They  
will be used in training men in the  
newly-formed 813th pioneer infantry. It  
is believed.

First Lieutenant B. S. Neff has been  
appointed motor transport corps of-  
ficer. He will direct the operation of  
all locomotives to and from camp.

Private Earl Braxton, 44th company,  
11th training battalion, died yesterday  
at the base hospital of pneumonia. His  
home was in Burlington, Va.

## ARMY CASUALTIES

L. Hatch, Shelby, O.; Pvt. James P.  
Hatcher, Weston, O.; Pvt. John Os-  
wald, Clifton, O.; Pvt. Mike Cerni-  
jewski, Toledo, O.; Pvt. John R. Dier-  
meyer, Cleveland, O.; Pvt. Anton R.  
Kramer, E. O.; Pvt. Henry J. Tarr,  
John Schmidt, R. D. 3, Seville, O.; Pvt.  
Paul Herman Roberts, Loveland, O.

**Marine Corps.**  
Wounded in Action: Pvt. Fred A.  
Thornton, Gloucester, Athens county.

**CANADIAN LIST.**  
Ottawa, Sept. 10.—The name of the  
following Canadian appears on today's  
overseas casualty list: E. McBride, Ma-  
rion, Ohio.

**NEWARK SOLDIER STOPS  
LETTER TO PUT ON HELMET**

Private Fred Pifers of Com-  
pany A, 146th infantry, has writ-  
ten an interesting short letter to his  
father, Perry Pifers of R. D.  
3. The letter was written under  
shell-fire, as at the time a Hun  
airplane had appeared overhead,  
and the anti-aircraft guns were  
shelling it.

He states: "I will have to hurry  
this as my gas mask is in the  
road and I have had to stop and  
put on my helmet for when the  
shells burst the fragments fall."

**K. OF C. ELECT  
OFFICERS FOR YEAR**

Newark Council No. 721 Knights of  
Columbus at its regular meeting on  
Monday evening elected the following  
officers for the coming year.

Grand Knight—Gail Baker.  
Deputy Knight—John Sudell.  
Chancellor—Steve Reagat.  
Recording Secretary—John E. Floyd.  
Financial Secretary—Wm. A. Ander-  
son.

Treasurer—Clarence Egan.  
Advocate—J. J. Fallon.  
Warden—John Callahan.  
Inside Guard—Adam Glauib.  
Outside Guard—James Locker.  
Trustee—J. D. Keeley.

Delegates to the state convention,  
Gail Baker and R. E. McGonagle.  
Alternates—Wm. A. Anderson and  
Ray Martin.

**HAWKINS TELLS  
OF TRIP TO CAMP**

Walter Symons of the local draft  
board has received a letter from Jo-  
seph Hawkins, who was placed in  
charge of the last quota from Newark,  
leaving for Camp Sherman.

He stated the trip was made without  
accident, excepting a Zanesville boy  
fell from the platform and was injured.  
The boxes prepared by the woman's  
committee of the Council of Defense  
were greatly enjoyed, although the  
boys missed drinking water as there  
was no water on the car containing  
the Newark men and they were unable  
to get a drink until noon on Sept. 8  
evening. The men have been assigned  
to Company 11, 2d Training Battalion,  
158th Depot Brigade.

## FALL OF LA FERRE CERTAIN; FRENCH TIGHTEN LINE AROUND ST. QUENTIN

(Compiled from A. P. Dispatches.)  
Increased resistance by the Germans  
and weather conditions unfavorable to  
the swift movement of troops have  
tended to slow down the allied offen-  
sive along that stretch of the battle  
line from St. Quentin to Cambrai. Here  
the British in fighting of a local char-  
acter have carried their lines to Havri  
court woods and Peziere. To the south  
Field Marshal Haig's men have taken  
Vermond and Vendelles, the former  
about five miles from St. Quentin.

On the British right the French have  
advanced to within four miles of St.  
Quentin.

At Liez they crossed the Crozat canal  
and their patrols are nearing La Fere,  
which is reported to be burning. With  
the fall of La Fere on a question of  
time, the French also command all of  
the region west of the Oise river and  
are tightening their line around St.  
Quentin and in the valley to the east  
through which they must pass to take  
Loan. The capture of La Fere will be  
a serious menace to the strong German  
defenses in the St. Gobain massif.

From this point south to Laffaux Ger-  
man artillery fire has increased in vi-  
olence and numerous counter attacks in-  
dicate that further progress by the  
French would be contested vigorously.  
Failure to stop the allied advance at  
other strong positions and the burning  
of La Fere furnishes evidence of the

weakness of the German line and of  
their ultimate inability to stop the  
twinning movement against the St. Go-  
bain forest, the keystone of the Ger-  
man positions, barring the further  
movement eastward of the allied arm-  
ies. Reinforcements have been rushed  
into the St. Gobain forest and to the  
defense of the "line" of the Rhoms  
which would be affected if St. Gobain  
falls.

South of the Aisne where the French  
and Americans are advancing north-  
ward and northeast the enemy has con-  
centrated much artillery and heavy fight-  
ing is reported. Infantry engagements  
here have been confined to patrol en-  
counters.

The resumption of artillery duels be-  
tween the opposing forces further  
strengthens the opinion that for the  
moment at least the rapid advance has  
settled down to a bitter struggle for  
the possession of the strong points in  
the line—Cambrai, St. Gobain forest  
and the Chemin des Dames.

"What is your objection to chil-  
dren?" asked the man who was hunt-  
ing in a flat.

"I like 'em," replied the janitor. "I  
haven't the heart to ask anybody with  
children to move into a place that was  
as short of heat as this was last Win-  
ter."—Washington Star.

## PILOT AIRPLANES IN AIR MAIL SERVICE STARTED BETWEEN CHICAGO AND GOTHAM

Edward V. Gardner, left, and Max Miller.

Airplane mail delivery service in the United States has been expanded  
another link. Mail has been carried by the air route from New York to  
Washington for several weeks. This week the first trips were made over  
the Chicago to New York division. The initial trips were staged Thurs-  
day. Edward V. Gardner and Max Miller were chosen to pilot the planes in  
the inaugural.

BOLSHEVIKI TELL SLAVS OF REVOLT OF INDIANS HERE

False Information Given To People of Russia By News Bureaus.

ONLY WEAKNESS OF FOE IS TOLD IN NEWSPAPERS

Finland Willing To Accept Anything To Escape Bolsheviki Rule.

ASSOCIATED PRESS TELEGRAM

Stockholm, Sunday, Sept. 8.—The lack of reliable information possessed by Finland and Sweden concerning internal affairs in Russia was shown the Italian and French refugees who have just arrived from Russia.

The Bolsheviki groups and propagandists have the field all to themselves in supplying Russia with what information they choose regarding outside affairs, and they also monopolize the reports going out of the country. Bolsheviki Russia now stands in absolute telegraphic isolation from the rest of the world with the single exception of the outlet through Germany. Telegraphing is no longer possible through Finland, Siberia or North Russian ports.

Consequently the Bolsheviki, who less service and the German censored and German colored dispatches alone supply the outside world with Russian news.

As a matter of fact there is constant friction between the Bolsheviki and the Germans over the transmission of information and they are making wholesale charges and counter charges of unfairness in the treatment of the news.

Meantime the neutral nations as well as the belligerents are suffering from the pernicious campaign of falsification. Russia is given little foreign news except that which indicates weakness on the part of the entente powers and the strength of the central empires. The Bolsheviki have not only suppressed all opposition newspapers but the government now actually prints and controls the few journals that are still appearing in Petrograd and Moscow.

The Associated Press correspondent at Moscow, who left Russia with the recently arrived party and is filing this dispatch, can testify that the Americans remaining in Russia were treated to many statements that the Indians were opposing conscription all over America and that the United States was again in the throes of Indian war. The people of the United States also were assured that the Indians were opposing conscription all over America and that the United States was again in the throes of Indian war.

Such stories were so ridiculous that they gained no credence among the foreigners. Neither did they believe the wild reports of wholesale starvation in England where persons were pictured as falling dead from hunger in the principal London streets. Finland and Sweden, concerning which most of the foreigners in Russia had little knowledge, were reported to be in such distress from food riots that the American, Italian and Belgian refugees were wholly unprepared to find Finland comparatively well fed with prices not more than a third of those prevailing in soviet Russia, and to discover that conditions were even better in Sweden.

Germany and Austria are denounced as fiercely as the entente by the Bolsheviki press, whose constant aim is to create the impression that the world is starving and demanding a proletarian government similar to that existing in Russia. Japan, China and Spain are reported as undergoing widespread revolutions.

Instead of their being a demand for a Bolsheviki regime in Finland, as the soviet papers represent, nine tenths of the Finns hold up their hands in horror when Bolshevism is mentioned. They express a willingness to accept almost any kind of a government rather than undergo another period of riot and bloodshed. It is declared that probably not more than 25 per cent of the Finns desire the soviet system of Helmsingfors, desire to see Finland governed by a king. Even these prefer a Scandinavian ruler. The republicans, however, are not willing to assist themselves now, lest the red reign of terror be renewed.

OHIO REGT. GREETED BY ITALIAN GENERAL

Order of the Day From General Headquarters Tells of Arrival of Yankees.

A royal greeting was given the members of the 32nd Infantry of the 3rd division which is doing duty in France. In the one occasion was a number of Newark men, including George C. Jackson, who is with Company B. He has sent his wife the copy of greeting given the troops by General Diaz, the Italian commander. It reads:

"I inform the army of the arrival of American troops in Italy. The great nation, which has come to the battlefield in the name of humanity and right and which, in a few months, carrying out a unique enterprise in history, has created and transported across the ocean an army imposing for its number and power, has today sent her troops also to our front as a solemn and proud sanction of the brotherly solidarity which she has already affirmed in other ways."

The son, more than dividing, has united our two nations Italy for years and years has sent to the United States soldiers of her sons, workers, exemplars in their abnegation, tenacity and soldierly, who have learnt by direct experience the value of the power and will of the Americans and their unshakable faith in the rights of free men. Many of the workers are among you, soldiers of Italy, they replied to the call of our great nation and in war you all know what glory the young army of the United States has won on the battle fields of France.

These strong troops have come to us to fight by our side and I in your name, welcome them with faith in the future, in our brotherly union of arms and in our mutual successes. With them

EPSOM SALTS TASTES LIKE LEMONADE NOW

The old, nasty metallic taste is all gone—Read!

Instead of asking for the common Epsom Salts, ask for Epsomade Salts hereafter. You will get a big package for only 15 cents. Epsomade Salts look and taste exactly like Epsom Salts, because it is Epsom Salts combined with fruit derivatives thus making a sparkling, effervescent, lemonade which is good for the liver and bowels.

Take a tablespoonful of this delicious Salts in a glass of cold water when you feel bilious, sick headachy or constipated and get the quick and splendid action of a dose of Epsom Salts without the horrible taste.

Epsomade Salts will replace the old Epsom Salts, Rochelle Salts, Sodium Phosphate and Cathartic Pills in every home, say local druggists. (Adv.)

and the other allies we will proceed with earnestness along the road which the cause of civilization has pointed out to us and we will together reach our common goal, that victory which will allow the serene development of the work of civilized men and the progress of free nations.

MORROW COUNTY IS LEADING STATE IN W. S. S. SALES

In War Savings stamp sales Morrow county is leading the state with Ashland a close second. Morrow county people have bought \$500,075 worth of W. S. S. or \$29.78 per capita. Licking county people have bought \$1,054,352, or \$17.28 per capita.

In per capita sales 24 Ohio counties out of 38 are ahead of Licking, but of the 24 only one (Muskingum) has sold more stamps than Licking county.

In 11 Ohio counties—Muskingum, Butler, Clark, Stark, Belmont, Franklin, Hamilton, Montgomery, Mahoning, Cuyahoga and Lucas—the cash sales are greater than in Licking county.

The sale of 44,000 more \$5 stamps, September price \$4.20 will put Licking county "over."

If 220 more people would each buy 200 W. S. S.—September price, \$340—the tick would be turned. If 440 people would buy 100 W. S. S. (\$420) the job would be finished. If 880 people would each buy 50 stamps (\$210) the county's quota would be reached. The purchase of 25 stamps (\$105) by 1760 people would bring the "answer," or if 44,000 people will each buy one more \$5 stamp the year's allotment—\$1,236,180—will be reached.

The cash sales for the week ending September 5 were \$78,956—the second largest week of the year, but the sales for September 6, 7 and 8 were comparatively small.

The school children of this county bought \$103,000 worth of War Savings stamps up to the close of school in June. Superintendent Barnes and Wilson are bringing the stamp campaign to the attention of the pupils again this fall and through the teachers are endeavoring to enlist the interest of every school boy and girl.

The names of buyers of 200 War Savings stamps have been published in both Newark newspapers and are now posted upon the courthouse park bulletin board. If there are mistakes in spelling or in initials or if any name has been omitted, the war savings committee would appreciate notification in order that correction may be made.

The fourth Liberty loan is almost at hand. The bonds must and will be sold, but the War Savings stamps should be out of the way before the bonds are offered. A little united effort will finish the work. Already eight Ohio counties—Morrow, Ashland, Cuyahoga, Highland, Knox, Warren, Seneca and Noble—have sold their quota for 1918. Licking is within \$181,827 of its quota—\$1,236,180. Buy W. S. S.—the world's best investment now.

Poor Results.

Two men were once talking over their executive sons' careers at college when one remarked: "Well, I feel like saying, as did Aaron in the wilderness, 'Behold, I poured in gold and there came out a calf.'"

When the soldier boys start for France the thing to do is to wish them many happy returns.

FIRST GENERAL TO BE AWARDED CROSS

Brigadier General B. B. Buck.

Brigadier General B. B. Buck of the American expeditionary forces in France has been awarded the distinguished service cross by General Pershing for conspicuous gallantry and heroic leadership of his command. General Buck is the first American general to be distinguished in this way during the war.
